## Technical Skills

HTML5 | CSS3 | JavaScript | React | Redux | Material UI | JAVA | Github | npm | Node.js | Express.js | RESTful APIs | MongoDB | JWT | Data Structures and Algorithms |

## Education Background

### ● Full stack web development

Masai School, Bengaluru

Aug 2022 – May 2023

### ● BE in Mechanical Engineering

S. B. Jain Institute of Technology  
Nagpur

Jun 2019 – Jun 2022

### ● Diploma in Mechanical Engineering

G.H. Rasoni Polytechnic Nagpur

Jun 2016 – Jun 2019

## Certifications

- Attends solarizer workshop at IIT-BOMBAY (Techfest-2018).
- Completed full stack development course from Masai school Bengaluru.

## Professional Summary

Enthusiastic MERN Stack Developer with comprehensive training from Masai School, Bengaluru, and hands-on experience in building full-stack web applications. Completed an intensive 8-month course covering MongoDB, Express.js, React, and Node.js, with practical projects demonstrating strong skills in front-end and back-end development. Adept at using JavaScript, RESTful APIs, and modern development tools. Eager to leverage my technical expertise and problem-solving abilities to contribute to innovative projects and grow within a dynamic development team.

## Projects

### MERN Stack E-Commerce Website 🔄 🔗

Developed a robust e-commerce platform using the MERN stack, featuring secure user authentication, a dynamic shopping cart, and an integrated payment gateway. Included both user-facing and admin functionalities for a comprehensive solution.

#### Tech Stack :

- Frontend : React, Redux, Material-UI, CSS.
- Backend : Node.js, Express.
- Database : MongoDB.
- Cloud Storage : Cloudinary.
- Authentication : JSON Web Token (JWT).
- Email Services : Nodemailer (password recovery).
- Payment Gateway : Stripe.

#### Features :

- User Authentication : Secure login, signup, password reset and password forgot via email.
- Shopping Cart & Checkout : Add products to the cart and purchase with Stripe integration.
- Product Reviews : Users can submit and view reviews.
- basic functionalities : filter, sorting, pagination and search.
- Admin Panel : Admin Dashboard, Manage products (add, update, delete), handle orders (update status, delete), and manage users and reviews (delete).

### Personal Portfolio Website 🔄 🔗

Designed and developed a personal portfolio website to showcase my skills, projects, and professional background.

#### Tech Stack : React, Redux, Bootstrap.

**Features :** Built with React and Bootstrap for a modern, responsive UI, and managed state with Redux. featuring sections for skills, projects, and contact info..
